5. Graduate Student Association /Concerns -
   Jane reported some of her students in the Adult Ed. program don't feel part of the communication loop in the College of Education. One of the issues seems to be with e-mail addresses. Most of those students use a district or personal e-mail address and rarely, if ever, access their K-State e-mail. This is a problem too with online courses and distance ed. in general where the students are as directly connected with K-State. Several solutions were discussed including providing directions to students about how to have their K-State e-mail forwarded to their primary e-mail account, having students in those classes provide their primary e-mail to the instructor of the class or their advisor so that it can then be compiled in the Department Office for communication purposes. Bob expressed that he thought it was ultimately the students' responsibility. This discussion also generated more discussion about how our College of Ed. webpage needs to be both accessible and user friendly. At the end of the discussion, all agreed that this would be a good topic for further discussion and should be on the agenda at the next graduate faculty meeting (whenever that might be). Also, individual faculty members who had concerns or ideas for the COE Webpage should talk to Mike Ribble so these can be addressed as the new webpage is being designed.

6. Election - This was Judy's last year as chair. Ann nominated Keith Powers. Jane seconded. Keith was named the new chair of the Committee by acclimation. Sincere and heartfelt gratitude was expressed for the leadership and hard work Judy gave to the Committee in her role as president.

7. Other - Martha Gage (KSDE) asked Bob to write another standard for the State on ethics. Legislation will be initiated for teacher ed. to have a unit on in ethics for anyone applying for teacher licensure. Mary brought up an issue regarding the Distinguished Cooperating Teacher Award - Gail Shroyer and Sally Yahnke are concerned that only USD 383 teachers will be nominated and will receive the award. There was some discussion if we should we rotate every other year where one year it might be designated for a local teacher and the next to a teacher not in Manhattan. This appears to need more thought and should be placed on the February agenda for further discussion.
